## Coloured NightView

Provides perfect clarity full-color video even in low light because the larger sensor's pixels collect more light, which enhances image quality even in low light.

## 3MP Full HD Video Recording

## Two Way Audio Communication

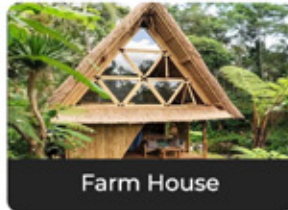

Allows you to communicate with your loved ones wherever you are, which includes using a phone to talk while watching a live video feed.

## Motion Detection

Camera recognises human detection and intelligent notifications, so you will only receive a warning when it is necessary. If there is enough variation between frames, a camera will turn on automatically.
